

Dear Lady Singh,

WGKWKF

I hope this finds you, Lord Singh and your loved ones in good health and spiritual uplift in the middle of Covid Crises. Thanks for your email and my apologies for a late reply due to so many competing commitments. As you are aware of the Sikh crises in Afghanistan, I was very busy to coordinate some efforts within the UN structure to ensure the safety and security of the Sikhs in Afghanistan; hence the reason for delay in responding to you. I am humbled by your kind words and thoughts. Guru Granth Sahib is a message of common good and very universal hence it should reach to all. The faiths of Islam and Sikhi has a lot in common which should be cherished by the followers of each faith. Mission of my life is to voice for all voiceless and oppressed and I shall continue to do so with God's grace. I am based in Birmingham, UK and we may meet some time at the time of mutual convenience after this covid crises in over.

Please keep well, safe and intouch.

**Regards,**
